

A Message from Bob Weiner, your County Councilman

Councilman Weiner's Citizens Anti-graffiti Brigades Program is Working!

I am pleased to report that most graffiti has been eradicated from our community. Cleaning our streets of visual clutter sends a message to would be criminals and vandals that our community is on guard! The Citizen Brigades operate ***immediately*** after graffiti appears or re-appears on publicly owned structures in order to frustrate graffiti vandals. [We are legally prohibited from climbing up on railroad bridges because of safety and liability concerns.]

I am proud to have launched the Anti-Graffiti Brigades Program with the assistance of wonderful citizen volunteers such as Greenville Brigade 4 Captain Isaac Walker and Brandywine Hundred Brigade 3 Captain RJ Miles. Here are some photos which demonstrate how we are winning the battle to eliminate graffiti and take control of our communities from graffiti vandals.

I have worked hard for you to create and maintain this program and it will become more effective when more citizens actively participate. You can volunteer or just report graffiti at www.BobWeiner.com.
